Building Repairs & Enhancements

Not being able to meet in the church building over the last several weeks has given us the perfect opportunity to begin some of the repairs and enhancements which were planned for this year (using the funds which have already been given and designated for this purpose). When we are able to come together once again, you will be pleased to find the following changes:

- ◆ new lighting in different parts of the building
- ◆ the worship center stage has a new look
- ◆ new carpeting in the worship center
- ◆ renovation of the gym floor has begun

Thank you for your willingness to give generously during "Count Me In" to make these changes happen! You will notice more renovations taking place in the future, as additional funds are made available.

We look forward to the time when the church family can come together to worship. We miss seeing all of you! Until then, we want to keep in touch and help with any needs you might have. Please feel free to call the church office, 643-5713, and we will do our best to meet your needs.
