

Rotation Leader:

Thank you! We appreciate your willingness to serve the kids this week. Here are some things to remember:

### **Be Safe**

- At least one Crew Leader always needs to stay with the group while you are leading them.
- Crew Leader Tote Bags Contain:
  - small first aid kit (if more than what they have is needed, radio for the safety team)
  - attendance list that includes food allergies (medical information is also listed on each child's name tag)
- The directors, Patty Hahn & Rachel Ohmes, and the safety team members will have radios each night. There will also be a radio in the Nursery, Kitchen, and the Welcome Center. Should an emergency arise, look first for a safety team member. If none are near, send someone to the nearest radio to report the emergency.
- Children are only allowed to be picked up outside of check-out time (including by parents or guardians) with a director, registration team member, and/or safety team member present. If needed, radio in that a parent/guardian is with you and would like to check-out their child. The directors and/or safety team will handle it from there.
- All VBS volunteers will wear a nametag and a VBS t-shirt. Adults/teens who are not background checked and approved will NOT be allowed to participate in VBS.
- Some groups may have a child with special needs who will have a one-on-one assistant traveling with them. Their assistant is there to focus on and help with that child.

### **Be Respectful**

- Please be ready in your area by **6:20 p.m. each night**. Feel free to join the kids in the Worship Center for the opening and closing sessions.
- Only eat around the kids at snack time.

### **Be Participating**

- If you are engaged and excited, the kids will be engaged and excited!
- Be positive and encouraging! For some children, you will be the first or primary experience they have of encountering God and having a relationship with Him.
- You are here to lead in your area. Crew leaders can help encourage the kids to stay engaged in the lessons. Feel free to ask Crew Leaders to help in small ways (for instance: with the activities or passing out snacks).

Now, let's start this party!!

Rachel Ohmes & Patty Hahn, VBS 2024 Directors
