

A long time ago, after Adam and Eve had sinned, things continued to be bad. Many people sinned and did not listen to God. Their sin got so big that God sent a big flood. But God saved a man named Noah and his family. God told Noah to build a big boat called an ark. God kept Noah, his family, and lots of animals safe.

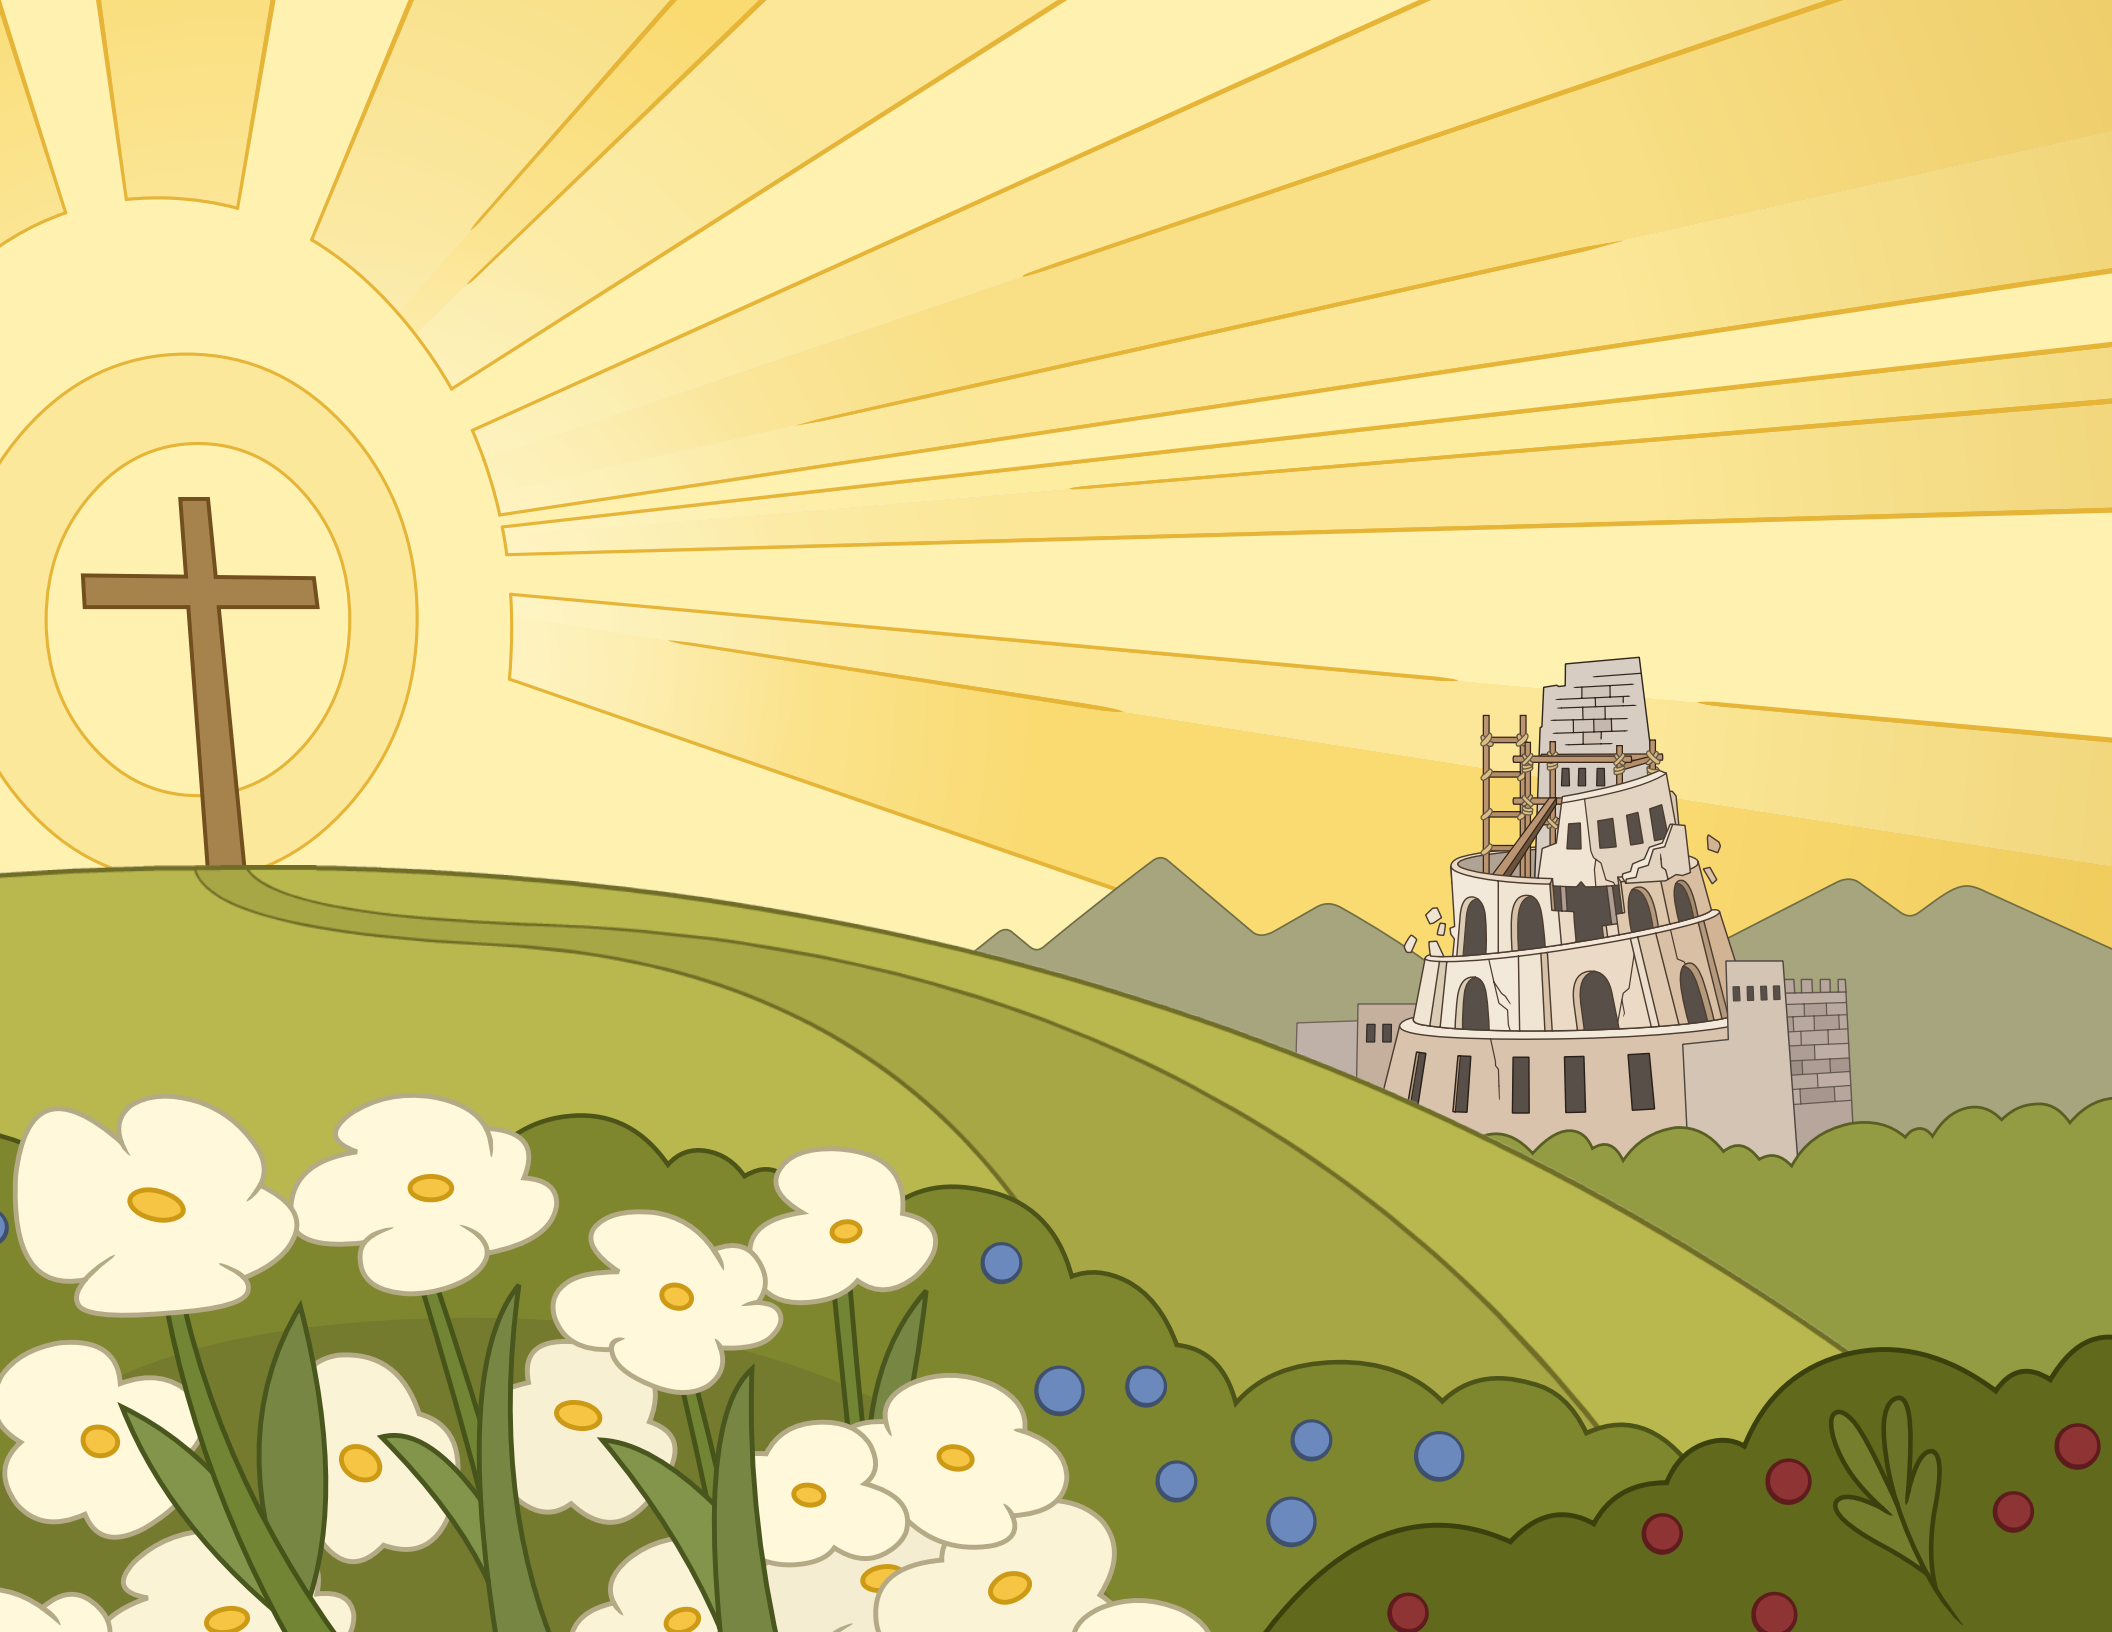

After the flood, God told everyone to have lots of families and spread out across the whole earth. But the people did not listen. They all spoke the same language. That means they could all understand each other. Instead of going to new places like God said, they stayed in one place. They had an idea!
Point to your head.

Let's build a city with a tall tower that goes up, up, up so high that it touches the sky! Then we will be super famous. The people wanted their tower to be so big that people would think they were really great. But there was a problem. Can you say, "Uh oh"? This was not God's plan. They were doing things their way, not God's way. So God did something surprising...All of a sudden, people started talking in different ways! No one could understand each other! It was so silly and confusing.

Because they couldn't talk to each other, they had to stop building the tower. Then God sent the people all over the world, just like He had told them to do from the start. The place they tried to build the tower was called Babel.

The people wanted to show how great they were. But only God is really great. No one is greater than God! We can all mess up and sin and try to do things our way instead of God's way. But guess what? Jesus came to help us. He died on the cross and came back to life so we can be forgiven.

HE God is the greatest.

WE We can trust God.

ME I can trust God.

? BIG QUESTION

MONTHLY *Memory Verse*

Who made everything
and rules over
everything? God!

*For by Him all things
were created.
(Colossians 1:16)*
