

October 2026-December 2026

“ Fall is here! After a busy start to the school year, we’re all looking forward to settling into our routines and enjoying this next season with our family. Think of October as the calm before the craziness of the holidays—a time to slow down, reconnect, and create space for your family to grow and flourish in faith and in community. We are so excited for all that God has in store for our BCC Kids families this season! ”
