

Jesus had a mom and dad! He also had grandparents and great grandparents and great-great grandparents! There's a list of Jesus' family in the Bible! Would someone like to tell us about your family?

The list is important. Long, long ago God said His Son would come to Earth and people like Abraham, Isaac, Jacob, Judah, and David would be in His family. Guess what? All those names and more are in the list! God's words came true! Everyone give me a thumbs up and say, "true!"

Guess what—the people in Jesus’ family weren’t perfect. Some of them did wrong things! Say, “Oh no!” People like King David made bad choices that hurt others. Sometimes you and I do wrong things too. The people in Jesus’ family were just like us!

There are boys and girls in the list of Jesus' family. There are people from different places on the list. Everyone is important to God! Turn to your friend and whisper, "You're important."

Here's what we can know for sure. Jesus was a real person from a real family! We can see their names! He understands us because He became one of us!

HE Jesus is hope.

WE We can have hope in Jesus.

ME I can have hope in Jesus.
